As a 3rd-year BTech student, I'm eager to apply my web development and Java skills in a real-world setting. I've gained hands-on experience through several virtual internships and developed a strong foundation in Java and web development.

Quick to learn and adapt, I thrive in collaborative environments. I'm excited to contribute my enthusiasm and skills to innovative projects.

I'm seeking opportunities to apply my knowledge and grow in web development and Java. Let's connect and explore how I can bring value to your team!"
